

1. Home

Purpose: Introduce the AI+ concept.

Content:

- AI+ logo / brand name
- Short tagline
- Hero section
- Brief explanation of the platform
- “How It Works” section
- Task/earning concept
- Wallet & rewards concept
- App-style screenshots/mockups
- Call-to-action: **Get Started / Join AI+**
- Footer

Example hero:

Complete Tasks. Earn Rewards.

AI+ connects users with simple digital tasks and earning opportunities.

Buttons:

Get Started | Learn More

2. Tasks

This page explains **what type of tasks users can complete**.

Show 15–20 small task cards as a visual demonstration.

Example:

Task	Description	Reward
Social Media	Follow & engage	₹20
Survey	Complete survey	₹30
App Testing	Test an application	₹50
Website Visit	Visit & explore	₹15
Data Entry	Simple data task	₹40

Since it's static, these buttons don't actually start tasks.

Card example:

Social Media Task

Complete a simple social media activity.

Reward: ₹20

[View Task](#)

3. Wallet

This page explains the **earning and redemption concept**.

Show a **dummy wallet UI/mockup**, not a real wallet.

Example:

Your Earnings

₹1,250

Cards:

- Total Earnings — ₹2,500
- Available Balance — ₹1,250
- Redeemed — ₹1,250

Then explain:

How Earnings Work

01 Complete a task

↓

02 Submit your work

↓

03 Task gets reviewed

↓

04 Reward is added

↓

05 Redeem your earnings

Add a **Redeem Now** visual button, but it doesn't need to function.

4. Upload

This page explains how users would submit task proof.

Show a static upload interface:

Upload Your Work

Select Task

Social Media Task ▼

Upload Screenshot

[+ Upload File]

Description

[_____]

[Submit]

Below it:

Supported Proof

- Screenshots
- Images
- Documents
- Videos

5. Login / Register

Because it's a static website, this page should be a **concept/demo page**, not actual authentication.

Login

Welcome Back

6. About AI+

I strongly recommend adding an About page because this is an informational website.

Content:

What is AI+?

Explain:

What AI+ is

What problem it solves

How the platform works

Who can use it

What type of tasks are available

How the earning concept works

Complete Static Website — Only ₹2,000

Modern • Mobile-Friendly • Professional Design
